THE LUXEMBURG QUESTION.

THE EASTERN QUESTION.

The following translation of an article, published March 14, in the Tasciri Efficiar, the leading Turkish paper in Constantinople, is from the special correspondent of The Tring the at Constantinople. The article is inspired by the Government, and is of great interest, as showing how the Turks really look at the Eastern Question:

Lendon, April 9,-It is now known that the Emperor Napoleon, deeming the possession of Luxemburg indispensable for the military scennity of the French frontier, not long since commenced negotiations with the King of Holland for the purchase of the Grand Duchy and its incorporation with the French Empire. But as the fortress of Luxemburg, which is one of the strongest fortifications in Europe, is held by a Prussian garrison, and the Prussian Government, backed by the whole of Germany, firmly objects to the transfer of the Duchy to France, the King of Holland has withdrawn from any further negotiation on the subject. The French Emperor insists that his propositions shall be carried out and the treaty completed. The national pride of France has been deeply wounded, and a wild anti-Prussian feeling has seized the country. Meantime, while the dispute is pending, both Prussia and France are making military preparations. This threatening state of affairs is the cause of the financial panic which now exists in London, Paris, and all the principal commercial centers of Europe.

THE JAMAICA MURPPERS.

On Monday, October 25, at a special meeting of the magistrates of the Country of ________, in the neighborhood of Market Drayton, Mr. Fitz James Stephens, acting on behalf of John Staart Mill and P. A. Taylor, members of the House of Commone, applied for a warrant to arrest John Edward Eyre, lately of Jamaica, now a resident at Alderly Hall in that country. He was charged with being accessory before the fact to the murder of George William Gordon.

Sir Baldwin Leighton Bart, the Chairman, demanded the presence of a prosecutor, whereupon Mr. Shaw, one of the solicitors to the Jamaica Committee, stepped into the witness box and made affidavit as follows:

"I charge John Edward Eyre with being an accessory before the fact to the murder of George Win. Gordon, which took place at Morant Bay, in the Island of Jamaica, on the 20th of October, 1865. I have good grounds for believing that he is guilty of the offense, and I apply for a warrant to arrest him."

warrant to arrest him."

Dr. Fiddes and Mr. Lake of Jamaica then gave
testimony similar to that adduced at Bew-st., in the
cases of Nelson and Brand.

Mr. Rose, the solicitor of Ex-Gov. Eyre, was ready
and willing to meet the charge, and that he would
answer for his appearance on Wednesday, the 27th,
and that he would be accompanied by his counsel,
Mr. Gifford.

The warrant was then signed and issued. It is tolerably evident from the declings evinced by the
magistrates that they would like to shift the responsibility of the case. Two out of seven retired from
the bench because they had subscribed to the fund
for the defense of Gov. Fyre, and the Chairman, Sic
Baldwin Leighton, will, it is thought, upon the smallest technicality, dismiss the case. On the 27th the
ex-Governor surrendered, and was under examination
when the mail left.

they were discovered by a young volunteer belonging

He said the press, clse why was it that only six or eight papers in the State published the vote on the Central Railroad bill. Mr. LOW said that the Senator from the Eighteenth District (O'Donnell) was in a fighting mood this morning. He first attacks the poor Midland road, next the Central road, and finally the Press. No doubt he will get fight enough out of all of these, even enough to satisfy him: but the only objectionable feature to this bill—exempting the roads from State taxation—has been stricken out. The people along the line of the proposed road are unanimous for it, and there is neither strength nor reason in the Senator's argument.

Mr. ANDREWS (Rep., Otsego), and Mr. HUMPHREY (Rep., Wyoming) spoke in favor of concurring, and the bill passed by a vote of 17 to 9.
